The Make-A-Wish Foundation® of Connecticut grants the wishes of children with life-threatening medical conditions to enrich the human experience with hope, strength and joy. Wish-come-true experiences can do wonders by providing a much-needed break from lengthy hospital stays and medical treatments. They give back to a child what a serious medical condition can take away—the chance to simply enjoy being a kid. Wish Kids often choose something that will inspire happiness, and allow them to spend precious time with their families. The Connecticut chapter has made over 2,300 wishes come true since its inception in 1986.
